Plan your meals and keep track of attendance with ease!

Just point-and-click to plan your menus as far ahead as you like. You can save meals you serve frequently and reuse them to make planning even faster. Then, you can print out reports for planning your shopping list or to give to parents. Once meals are planned, you can use the meal counts screen to check off the children in attendance at each meal.

Plan and print your daily, weekly or monthly schedule with activity and lesson planning suggestions!

Plan your lessons and get great lesson & activity suggestions, then print out activity reports for parents. And Minute Menu Kids Pro will remind you of important dates, like child birthdays, safety drills, and holidays.

Invoice Parents & Receive Payments Electronically!

Use Minute Menu Kids Pro to create professional-looking invoices for your parents. Then print a copy, or save paper and email the invoices directly to parents!

Use Kids Pro to track parent payments, too! The new ePay feature lets you allow parents to see their invoices and pay you electronically through our secure website and have those funds deposited *directly into your bank account!* You can save time & gas with fewer trips to the bank! And with ePay you can set up automatic recurring payments from parents--weekly, biweekly, or monthly--which means you're always paid on time and no more having to remind parents to pay!
